

SOUTH PHOENIX PRE-K

Positive Practice Tips for Preschoolers

- Ensure outside safety
- Allow your child to help with easy chores
- Read to your child and let him/her choose books with you
- Provide your child an opportunity to make choices

Positive experiences help create a good connection in your child's brain and help build a better relationship between you and your child.

A PEEK AT OUR MONTH

Our monthly theme is "Awesome Animals"

Weeks:

1. All Kinds of Animals
2. Animal Homes
3. Creepy, Crawly Insects
4. Animals Grow and Change

Here are a few books that are theme related if you would like to read to your student each night. "Is Your Mama a Llama? By Steven Kellogg" and "Over in the Meadow by David A. Carter."

We will be focusing on learning about animals and how to care for them so children can have more information about the natural world and about themselves. When children gain knowledge of the environment they better understand their place in it.

If you would like to contact Ms. Willie for any reason, please email her at wsims@skylineschools.com

Upcoming Events – South Campus

November

11/8~Turkey Trot

11/11~VETERAN'S DAY (No School)
