FINALLY THE BRR.. MONTHS!

Hooray! Who is ready for fall? We are! This first part the year has been off to an amazing start and we are so excited to not only have returning families, but also all our new families that have joined us! Welcome!

Illness

As we continue into the winter months, germs are rapidly spreading. And with that, absences are going up.

Help yourself (and your child) by **doing a daily health check**. If you have to give medication such as tylenol and cough syrup; your child should not be in school.

If your child is sent home for an illness you will be asked to keep them home for 48 hours for observations.
