A Peek at Our Month

For the month of October, the Preschool will be learning the importance of jobs and how each job is significant for our health and safety while studying about Community Helpers while the Pre-K will be learning about Animals; how to identify them by name, identify animals body part and discuss how they are different or the same as humans, their basic needs, and their characteristics. While having fun building their skills in listening, handwriting, language, math, science, social studies, and social and emotional. Upon returning from fall break, the Pre-K will start having a worksheet to take home, complete and return. This is to help them to get use to taking home and returning homework.

I would like to inform you that Ms. Kiyomi (Ms. K) has been filling in for Ms. Willie in the Pre-K 2 classroom. This way Ms. Willie will be able to support the teachers and work with the students as needed.

If you ever need to reach out to the teachers, please do so via Brightwheel.
